SÃO PAULO

7 variations for every office.

Well-equipped. Quick shipment.*

Our successful office chair series. Minimalist design aesthetics. Slender and clear-cut contours, oozing power and dynamics. Outstanding ergonomics. The swivel chairs and swivel armchairs excel in easy, almost intuitive handling. Easy slide controls instead of inconvenient levers. One simple sleight of hand instead of wearisome adjusting. All the operating elements are fitted flush underneath the seat and are easily accessible to seated persons.

 * Order today. 10-day production time. Up to 30 units of each variation can be ordered via our quick-ship program.
